

Dear Customer,

Thank you for your order. We are small and family run business, and we really appreciate YOU!

**Have a Great 2021 Cherry Season from Tony's Pushbutton Cherry Pitters!** We hope you were not too affected by the unforgettable 2020 Pandemic and that you and yours are recovering, are well, and are back to the World of Cherries!

We Still Miss Tony! A few of his jokes:

I thought the dryer made my clothes shrink, turns out it was the refrigerator.

I'm so old that waking up is on my To Do List.

Never laugh at your spouse's choices. You are one of them.

Tony loved growing, picking, eating and selling cherries---and producing Pushbutton Cherry Pitters. He enjoyed talking to his customers and wrote notes in each account about how their year was going and which jokes he had sent with their order.

We are proud that we continue to get letters and emails saying that **Tony's Pushbutton Cherry Pitter** is the **best one** on the market. **It is totally made in the USA.** It is the only cherry pitter with a rubber strip to cushion the cherries as they are pitted.

With most business being conducted online, we love it when we get a chance to talk with you and hear about your business and your news. Suzie is aging, and at age 76, will soon have to send out Tony's "I'm so old" jokes. Lori is a very young "Grandma of the Year" and the mainstay of Pushbutton Cherry Pitters.

**WE WISH YOU THE BEST SEASON YET!**
